**3. C FIRST EXECUTIVE SESSION**

#### **4. ANNOUNCEMENTS**

##### **Mr. Dzwonar, Interim Superintendent -**

- Regarding the recent snowstorm, we fortunately lost only one day of school so our calendar remains intact.
- HESPA Testing - we completed our HESPA testing last week and it went without a hitch. We also completed our pre-benchmark assessments in biology, algebra and social studies in the high school and middle school. This is done to assess all students on what content they have learned to date and give teachers the opportunity to address some areas that may need remediation. We think benchmarking is a great idea and it is also mandated by the State.
- The High School Drama Club presentation of Beauty and the Beast will be on March 12, 13, and 14<sup>th</sup>. The students are very excited about it. The sets look great. Don't miss it.
- The Literacy presentation scheduled for today will take place either at the next board meeting or the one following.
- Good news: we received a letter from the State that the East Windsor Regional School District is no longer classified as a district in need of improvement, in accordance with NCLB Law.
- Regarding the 2010-11 budget - It is a very challenging time for all school superintendents. Our budget process began in November to review all programs and departments to analyze their needs and priorities. The central office administrators went over each budget line one at a time to identify cuts to assure that we were within cap and to go even beyond that in the second tier to develop additional cuts that would get us below cap. At this point we are looking at a little over \$2 million in cuts. Some areas considered are capital projects (HVAC), technology, renegotiating with vendors, suspending textbook adoption, substitute pay line, reducing professional development during the day. On February 17, 2010, we received notice from the State to prepare for a 15% cut in aid. This equals \$3 million in cuts for our district. This would have a devastating impact to all areas.

Ms. Weisman – read a letter dated March 5, 2010, from the Board that was sent to the presidents of the District Associations. The letter concerned the severe impact that the State imposed budget restrictions would have on the District and asked all the employees of the District to consider accepting a wage freeze for the 2010-11 school year. Ms. Weisman noted they received two union responses to this letter and they were disappointing. Ms. Weisman offered an invitation to meet with the negotiating teams to discuss the gravity of the situation as the Board desperately wants to protect as many jobs and programs as possible.

#### **5. PRESENTATION: ELEMENTARY LITERACY PROGRAM**

Removed from agenda and will be rescheduled for a future meeting.

#### **6. FIRST OPPORTUNITY FOR PUBLIC COMMENTS**

No one spoke.

#### **7. FIRST OPPORTUNITY FOR BOARD MEMBERS' COMMENTS**

Ms. Fallon – commented that each district receives different amounts of State aid. Each school district is made up of different socio-economic factors, so some of our neighboring communities may not rely on State funding as much as we do. For our district a 15% reduction is very serious. Both the Borough and Township are looking at tax increases already. The letter we sent is a really serious last resort to reach out to the staff.

Mr. Ettman - the Governor has called for 15% across the board cuts in aid and has done so without reviewing each individual district's numbers and progress over the years. We don't have equalized tax rates throughout the State. In addition, our municipalities are talking about another large tax increase. More affluent districts have a more favorable tax rate when it comes to school taxes due to commercial ratables available to those communities. Also, a lower portion of their budget is made up of State aid. Each district should be reviewed individually. 15% across the board is not equal in this State. It hurts the middle class communities as they are made to suffer more of a tax burden.

Mr. Dolgon - noted that the administration works countless hours on the budget. We have to stress this is not just the Board's budget. It is our budget. It is the whole community's budget. It affects all our residents and our children. The Board and the District Administration work tirelessly to bring us budgets that are fiscally prudent each year.

Mr. Laverty - the Board has confidence in the expertise of the administrators who have served the district well with conservative budgets. The recommendations made to us are from people who are experts in their field. We will defend the progress we have made the past 6 years and will continue to do so. We have the greatest respect for our employees and have done a pretty good job negotiating contracts that have been fair to the district, fair to the taxpayers, good for the students, and beneficial to our employees. It was basically out of desperation that the Board sent the letter to the Associations. We had no hidden motivation or intent when we sent that letter, only that we want to have the success so far achieved by the District to continue.

Ms. Fallon - a current problem we also have is the Governor said that our reserve of \$457,000 for maintenance has to be spent. We have been saving money for important and needed maintenance projects. We asked the Governor and County office if we could keep that money and we were denied. This would reduce our final payment in aid. Those projects would have to be put on hold and who knows when we will be able to replace this reserve.

Ms. Weisman - expressed disappointment that no Association representatives were in attendance at the meeting. The Board cares greatly about the livelihoods and contributions of all employees. We don't want to have to make cuts and the whole idea of a wage freeze is not new, as wage freezes or partial wage freezes have been approved in other districts. This is a measure that is being used to avoid layoffs and other cuts.
