4145 LAYOFFS

The Board of Education shall provide the support staff necessary for the operation of the district in a manner that is efficient and economical.

The Board reserves the right to abolish support staff positions and reduce district staff commensurately whenever reasons of economy, reorganization of the school district, reduction in the number of pupils, or other good cause so warrant. The Assistant Superintendent shall continually review the efficiency and effectiveness of district organization and recommend to the Board the creation and abolishment of support staff positions and the reallocation of duties and positions.

When two or more employees are employed in the same classification of employment in which a position is abolished, the employee shall be reemployed who has demonstrated greater competence.

When an unorganized non-certificated employee is to be terminated due to a reduction in force, the decision as to which employee(s) should be terminated will be based on a review by the Superintendent of each employee's performance and overall value to the school district.

When, as the result of the abolishment of a position, an employee is demoted in position, the employee shall receive the salary of the position to which he/she has been assigned.
